Item 12 Special Conditions (Condition 2.10)

12.1 Environment and Maintenance

The User will comply with all environmental laws and any other requirements specified in this User Agreement and in particular will ensure that nothing is discharged into Cockburn Sound or the Southern Harbour.

Without limiting any ongoing obligations under the User Agreement, any damage to the Designated Facility is to be made good by the User.

The Designated Facility is to be left clean and tidy with all tools, excess materials and rubbish removed. Any clean up or repair by LandCorp will be charged to the User's account.

12.2 Maritime Transport and Offshore Facilities Security Act 2003

The operations of the CUF complies with all requirements of the *Maritime Transport and Offshore Facilities Security Act 2003* and the *Maritime Transport and Offshore Facilities Security Regulations 2003*. Accordingly, any user accessing the wharves will need to hold the appropriate Maritime Security Identification Card (MSIC) prior to entering the CUF and have arrangements in place at the wharf to ensure the Landside Restricted Zone (LRZ) is not compromised by unauthorised access. This may require additional security details of which are to be provided by the Manager. The cost of providing these additional services will be to the User's account.

12.3 Where this User Agreement relates to the use of Berths at the CUF then the following provisions shall apply:

(a) Interruptions and postponements

The Manager may, by written notice to the User, postpone or interrupt the access to Berths if, and to the extent to which, it is in the absolute discretion of the Manager necessary to do so, due to the occurrence of any event (including, but not limited to) which:

- (i) necessitates the use of Berths other than by the User, for reasons of national security or due to a state of national emergency, national civil defence emergency, regional civil defence emergency, or local civil defence emergency having been declared; or
- (ii) necessitates the use of Berths other than by the User by virtue of obligations of the operator of the Floating Dock or LandCorp to ASC Pty Ltd (ABN 64 008 605 034) in relation to an unplanned or emergency docking of a submarine; or
- (iii) is otherwise beyond the reasonable control of the Manager.

(b) Consequences

If the Manager postpones or interrupts the access of Berths, the Manager will:

- (i) use its reasonable endeavours to make Berths available to the User at the next mutually convenient opportunity;
- (ii) refund any applicable part of the Licence Fee paid by the User for Berths unless the User agrees to suitable alternative arrangements at other Berths.
- (iii) not be liable to the User for any expense or loss incurred by the User as a result of any such postponement or interruption; and
- (iv) reduce the Licence Fee by an amount which corresponds to any reduction in Berths to which the User would have otherwise received access.

12.4 User Acting as an Agent

Where the User acts as agent only for Principals who wish to call at this facility within the Port of Fremantle for the purpose of offloading and discharging cargo, the User shall complete an Application for Berth form. The User thereby warrants that the Principal is bound by this Agreement.

Where the User acts other than as Agent, it remains bound in its own right.

12.5 In relation to Condition 7.1 of the General Conditions the following applies where the User is acting as an Agent; when using the facility for berthing of a vessel only, there is no requirement to comply with Condition 7.1 of the General Conditions. When using the facilities for other than berthing of a vessel, submission of the appropriate OSH, Environmental and Employee Relations Management Plans will be required by the Manager.

Pollution emanating on, or from the Designated Facility or the CUF as a result of, or relating to, the use or occupation of the Designated Facility or the CUF by the User.

10.4 The obligations of the User and indemnities provided by the User under Conditions 10.2 and 10.3:

- (b) continue after the expiration or earlier determination of this Agreement in respect of any act, deed, matter or thing occurring before the expiration or earlier determination of this Agreement.

10.5 Subject to Condition 10.7 and without limiting Condition 10.1, to the full extent permitted by Law, LandCorp excludes all liability in tort (including negligence), contract, statute or otherwise for any loss or damage incurred by the User in connection with any act or omission by LandCorp under or in relation to this Agreement or the CUF and excludes all warranties, rights and remedies the User would otherwise be entitled to at Law or in equity or under any legislation.

- (e) The User must comply with all the terms, warranties and conditions of the insurance policies effected in relation to the Designated Facility or the CUF or for public liability or any other insurance or the requirements of the insurer relating to the policy and the Designated Facility and the CUF in respect of insurance taken out by the User or by LandCorp and not do or fail to do any act, matter or thing that may cause the premium to be increased or cause the insurance to be prejudiced or liable to be cancelled or avoided or whereby any claim on the policy may be reduced or payment withheld either in whole or in part.

11. Bond

11.1 User to Deliver: If the Schedule states that a bond is required, the User must deliver to LandCorp, prior to accessing any part of the Designated Facility or the Common User Facility, the Bonded Amount. 11.3 Release by LandCorp: If requested in writing by the User to do so, LandCorp will, within 20 Business Days following termination of the Agreement, release the Bonded Amount, or the appropriate part of the Bonded Amount dependent upon the use of the Bonded Amount by LandCorp under Condition 11.2.

11.4 Insufficient Security: If at any time LandCorp reasonably considers the Bonded Amount does not represent sufficient security to LandCorp, having regard to the User's undischarged liabilities (including any contingent liabilities) or obligations under this Agreement, the User will, within 5 Business Days after receiving written Notice from LandCorp to do so, procure a replacement or additional bond from one or more sureties reasonably acceptable to LandCorp. In any such event, this Agreement will be construed (as the context permits) so that Conditions 11.2 to 11.4 (inclusive) apply equally to the replacement or additional bond.

12. Warranties

12.1 Capacity Warranties: The User represents and warrants to LandCorp that:

- (e) where the User is now acting or in the future may act as trustee, the User covenants with and warrants to LandCorp that the User has or will have full powers pursuant to its Constitution and its deed of trust ("**Trust**") under which it purports to act when entering into this Agreement, to enter into and give effect to this Agreement and that:

- (i) the Trust is lawfully and validly constituted and all deeds and other instruments in respect of it have been properly executed;
- (ii) the Trust is and throughout this Agreement will remain unrevoked and not varied other than with the written consent of LandCorp, which must not be unreasonably withheld;
- (iii) the property of the Trust and the property of the User will at all times be available to satisfy the obligations of the User under this Agreement; and
- (iv) there is and will at all times be no restriction on the right of the trustee to be indemnified for the property of the Trust.

12.3 Application of Warranties: The representations and warranties in this Condition 12 are made on and from the execution of this Agreement, and are by force of this Condition to be taken to be made anew on each day during the Term of this Agreement.

12.4 Exclusion of Warranties: Except for the express warranties and representations set out in this Agreement and those implied provisions or warranties that are imposed by any Law that are mandatory and cannot be excluded, LandCorp gives no warranties and makes no representations (expressed or implied):

- (a) regarding this Agreement; or
- (b) that the Designated Facility is now, or will remain suitable or adequate for all or part of the Permitted Use and any warranties as to suitability and adequacy of the Designated Facility implied by Law are expressly denied.

13. Force Majeure

13.1 Effect of Force Majeure: If to the extent to which either party is not able to carry out any of its obligations under this Agreement because of any event or circumstance which is, in relation to that party, a Force Majeure event (such party being referred to in this Condition 13.1 as the "**Non Performing Party**"), subject to Conditions 13.2 and 13.3, the Non Performing Party will have no liability to the other party in respect of the non performance of such obligations, provided that:

- (a) the Non Performing Party must endeavour to overcome, and to mitigate the effects of, the Force Majeure and to complete its obligations under this Agreement on time. If, despite

complying with this Condition 13.1(a), the Non Performing Party reasonably requires any extension of time in order to comply with any obligations, the Non Performing Party will notify the other party in writing as soon as possible of the extension required. The other party will be deemed to have agreed to the extension unless it expressly notifies the Non Performing Party in writing to the contrary (and that other party may do so upon reasonable grounds only);

- (b) the Non Performing Party will as soon as reasonably practicable after becoming aware of the cessation of the Force Majeure event, notify the other party in writing accordingly; and
- (c) this Agreement will otherwise remain in effect in all respects.

13.2 Obligation to pay Licence Fee continues: The obligation to comply with the Payment Requirements continues during an event of Force Majeure subject to abatement under Condition 13.3.

13.3 Abatement: If it is reasonably impracticable for the User to carry on the Permitted Use as a result of the Designated Facility being destroyed or damaged by an event of Force Majeure, then if:

- (a) such destruction or damage does not occur in consequence (directly or indirectly) of some act or default of the User or the Approved Personnel; and
- (b) the policy of insurance effected by LandCorp or the User and covering such destruction or damage has not been vitiated or payment of the policy moneys refused in consequence of some act or default of the User or the Approved Personnel,

then, a proportionate part of the Licence Fee will be abated, according to the nature and extent to which it is reasonably impracticable for the User to carry on the Permitted Use, until the Designated Facility is again rendered fit for the User to carry on the Permitted Use or until this Agreement is terminated under Condition 13.6.

13.4 Expert determination: If a dispute arises as to an abatement under Condition 13.3, then:

- (a) the dispute will be referred for a determination to an expert agreed between the parties, or failing agreement within 15 Business Days of a written Notice from one party to the other, to an expert appointed by the President of the Institution of Engineers in Australia ("**Expert**");

- (b) the Expert will act as an expert and not as an arbitrator and any decision of the Expert is final and binding on the parties; and
- (c) the full Licence Fee must be paid by the User without any deduction or abatement until the date of such Expert's determination, following which (if applicable), LandCorp must refund any part of the Licence Fee which according to the determination has been overpaid,

provided that this Condition does not apply if the destruction or damage referred to in Condition 13.3 occurs in consequence (directly or indirectly) of some act or default of the User, or if LandCorp's or the User's policy of insurance is vitiated or payment of the policy moneys refused in consequence of some act or default of the User or the Approved Personnel.

13.5 Suspension: LandCorp may suspend any or all of the User's rights under this Agreement at any time, with or without prior Notice, as required to avoid or mitigate the effects of any Force Majeure.

13.6 Termination as a Result of Force Majeure: If any Force Majeure event is of such magnitude or duration that it is reasonably likely to be impossible or impractical for the Non Performing Party to comply, to any material extent, with the Non Performing Party's obligations under this Agreement (taken as a whole) for a period of 20 Business Days or longer, either party may terminate this Agreement by written Notice to the other party, and:

- (a) such Notice, in order to have effect, must state:
 - (i) the Force Majeure event which the party giving that Notice considers to have led to, or to be likely to lead to, the impossibility or impracticality referred to in this Condition (the "**Relevant Force Majeure**"); and
 - (ii) that the party giving that Notice has concluded that the Relevant Force Majeure will have that effect, including all material particulars to support that conclusion;

- (b) subject to complying with the requirements of Condition 19 if any dispute has arisen between the parties, the Agreement will terminate on the date which is 5 Business Days (or such longer period as may be specified in that Notice) after the date on which the Notice is received by the other party;

- (c) that Notice will cease to have effect if, within the time period referred to in Condition 13.6(b) (or such longer period as may be specified in that Notice) the Relevant Force Majeure ceases, to have the effect referred to in Condition 13.1.

14. User's Responsibility for Safety

14.1 The User agrees that for the purposes of the OSH Legislation, the User has sole control of the Designated Facility.

14.2 The User must comply with all relevant OSH Legislation in respect of the Permitted Use. The User must also prepare a Safety Management Plan and Safe Work Procedures and comply with them.
