## AMC CUF – Latest Developments & Upgrades Opportunities for Western Australians

Government of Western Australia  
Department of Commerce

# Build it and they will come

## Start-up 2003

# Australian Marine Complex Common User Facility 2003

# Australian Marine Complex Common User Facility 2012

# AMC CUF

## Capability Multiplier

- The Common User Facility provides infrastructure that complements rather than replicates existing private industry infrastructure
- Provides industry with means to grow their capability and compete for large projects without expanding their own physical boundaries

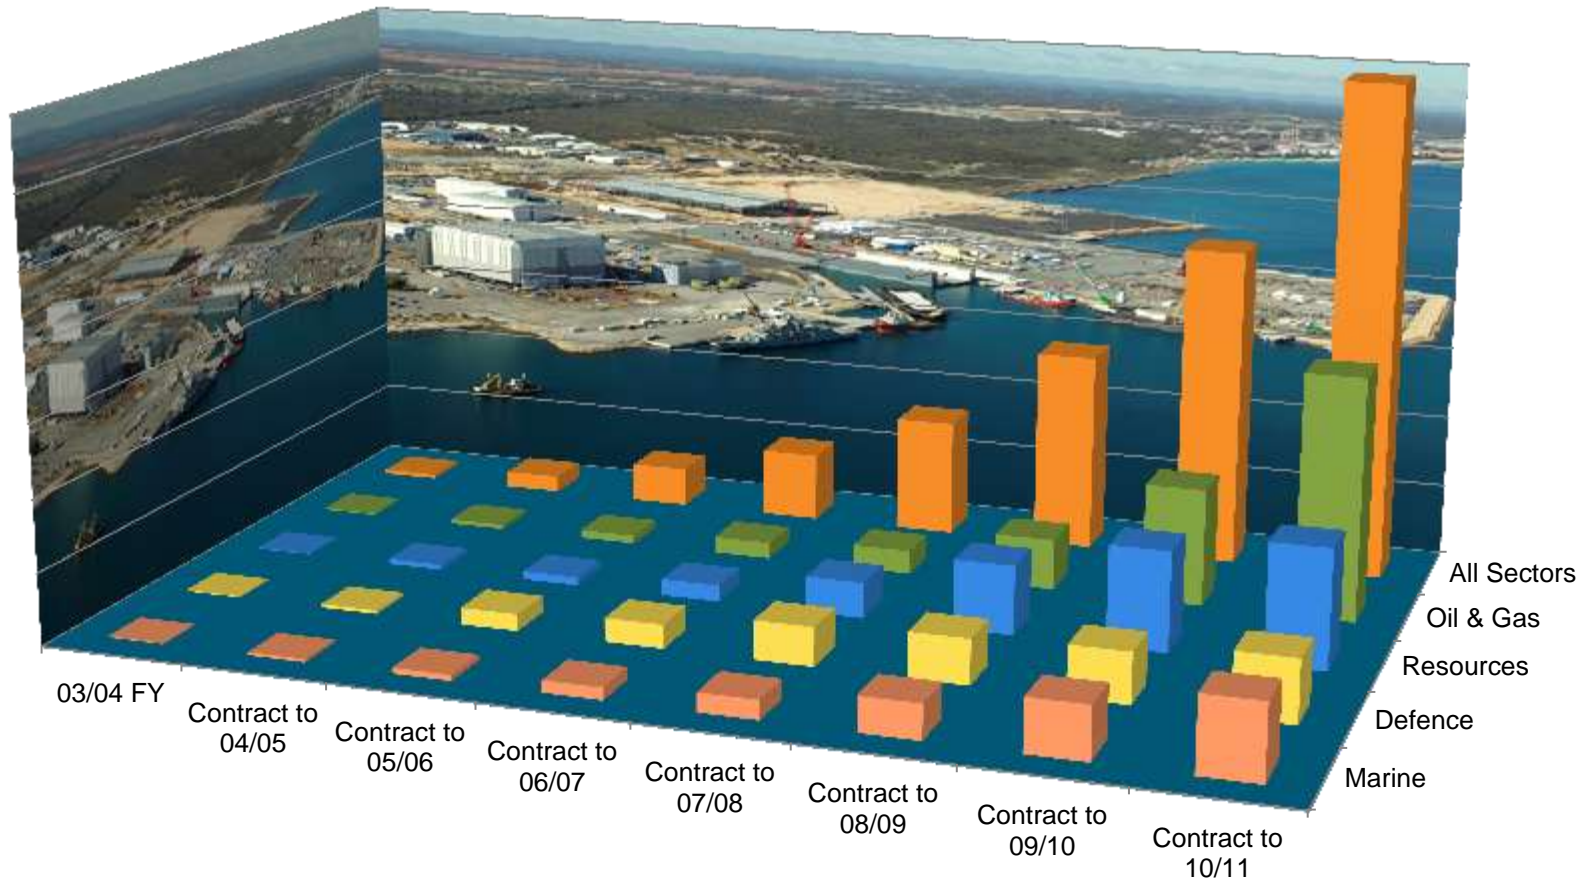

### **a virtual capacity expansion**

- All costs are project costs – no balance sheet assets to recover at project completion – low overhead cost
- Provision of infrastructure to Industry on a project by project basis
- Open access policy for multiple users

# Australian Marine Complex Growth 2003 – 2011

## Growth by Sector - Cumulative Year on Year

# Support Industry Complementary Capabilities

## **Benefits of proximity to AMC CUF**

- The Support Industries are symbiotic –living off each other
- More than 150 companies located within 1km
- Links to Greater Southern Metropolitan Perth
- 30 min to CBD
- 25 min to Universities and Business Parks
- 35 min to Perth International Airport
- Links to major fabrication via High Wide Load Network

**A Cluster of skills and capabilities**

# Australian Marine Complex Support Industries

1. AMC Support Precinct
2. Greater Southern Metropolitan Area
